

Curriculum vitae - Prof. MUDr. Pavel Rozsival, PhD., FEBO

My name is Pavel Rozsival. I was born in Cheb, Czech Republic, 27th September 1950.

I graduated with honours School of Medicine, Charles University 1974. PhD obtained 1979, topic: New radionuclide method for measurement of aqueous turnover. Professor of ophthalmology became 1996 - Development of IOL implantation.

1993 - 2015 Head of Department of Ophthalmology, School of Medicine, Hradec Králové, Charles University, Prague

I have published 19 books, 480 papers and presented over 850 lectures.

Among other honors I obtained - Medal on occasion of 650 anniversary of Charles University 1998, honorary member of Czech Ophthalmological Society, Slovak Ophthalmological Society, listed in several who is who – included 5 editions Marquis Who is Who in the world.

Awarded by American Order of Excellence for accomplishments in the field of Ophthalmology, Surgery and Education by American Biographical Institute.

I am a member of several international societies including American Academy of Ophthalmology, American Society of Cataract and Refractive Surgery, International Intraocular Implant Club, Czech Society of Ophthalmology – President 1997 – 2005, vice president 2005 – 2009, Scientific advisory board of Czech Ministry of Health 1998 – 2004, and 2018 - 2020. Scientific advisory board of Czech Chamber of Doctors, 1993 – 1998, Scientific advisory board of School of Medicine, Charles University 1993 – up till now. Head of accreditation committee of Czech Ministry of Health for Ophthalmology 2005 - 2010 Vice-president UEMS – Ophthalmology 2010 - 2018. Member Board of directors Societas Europea ophthalmologica 2019 – now.

My main interest is cataract and refractive surgery. I was among those who introduced modern IOL implantation in our country. I am visiting phacosurgeon at departments of ophthalmology in our country and abroad. I cooperated with Schwind company in development of excimer lasers and have experience with several IOLs for refractive surgery.. I have performed over 75 000 eye surgeries, mainly cataract plus over 9000 excimer laser operations.

I have participated in multinational studies organized by pharmacological industry dealing with drugs for treatment of glaucoma and retinal diseases.
